

Reading Spines

Here at Woodlands Primary School, we want all our children to develop a love of reading no matter where they are in their reading journey. That's why we are currently developing our Reading Spines. This is a list of 'must' reads for each year group.

Our Reading Spine will be a collection of traditional and contemporary children's books selected for the quality of their writing, illustration and message. The books will offer children (and teachers) the opportunity to read fiction and non-fiction books, share them, talk about and compare them.

A number of the books will represent all genders, races, religions, differing world views and challenge of stereotypes, helping the children to develop their knowledge of themselves and the world in which they live. Interwoven with this, the Reading Spines will help to develop an appreciation and love of reading and to gain knowledge across the curriculum.

The books will include novels, graphic novels, picture books, poetry, fiction and non-fiction and some of the books will be chosen by the children themselves.
