

Woodlands Primary School & Nursery

15th January 2021

Dear Parents and Carers,

We hope that you continue to remain safe and well during the continued lockdown. It has been lovely to see a very high level of engagement with our remote learning this week. We are working hard to get additional laptops out to families to support with this. We have already been able to support 16 families and have contacted a further 24. If you are struggling with technology, please let us know as we are continuing to receive donations - albeit on a small scale to start with, and we are looking to put in additional requests to the DFE.

Last week we started live sessions to complement our pre-recorded lessons, links and tasks on Edmodo. Thank you for signing the remote learning protocols - if you haven't already done this, please do so as soon as possible. This will support safeguarding and running these sessions smoothly. More information will be sent out next week. We have also supported families with paper copies, where appropriate.

In order to support our families with remote learning please can you take some time to complete a survey – the link is attached in the main body of the email sending this newsletter.

C-19 Reminders -Pupils Attending School

If your child is currently attending the school, please be mindful of following school and national guidance if a member of your household may have C-19.

If any member of your household is showing symptoms or has arranged a COVID test, then everyone in that household including children should be self-isolating until you have received confirmation of a negative test. This means you do not attend work and children should not be attending school while you are waiting for the test results. This is vitally important to ensure the safety of our school community and reducing all possible risks.

Please be very mindful of the latest government guidance

You must not leave, or be outside of your home except where necessary. You may leave the home to:

- shop for basic necessities, for you or a vulnerable person
- go to work, or provide voluntary or charitable services, if you cannot reasonably do so from home
- exercise with your household (or support bubble) or one other person (in which case you should stay [2m apart](#)). Exercise should be limited to once per day, and you should not travel outside your local area.
- meet your [support bubble](#) or [childcare bubble](#) where necessary, but only if you are legally permitted to form one

- seek medical assistance or avoid injury, illness or risk of harm (including domestic abuse)
- attend education or childcare - for those eligible

If you do leave home for a permitted reason, you should always stay local - unless it is necessary to go further, for example to go to work. Stay local means stay in the village, town, or part of the city where you live.

Further information can be found by following the link below

<https://www.gov.uk/guidance/national-lockdown-stay-at-home#summary-what-you-can-and-cannot-do-during-the-national-lockdown>

Many thanks for your continued support and please get in contact if we can help you and your families.

Warmest regards for a well deserved rest over the weekend.

Mrs Dean and Team Woodlands
