

Cotswold Edge Sixth Form

Subject:	Mathematics @ BGS	Assessment Point 1 - Coursework
Title of the project:	Basic mathematical skills	
Due date:	First lesson back September 2018	
Learning skills and their place in the specification	Independent research using books and internet. Practising key techniques to ensure confident and fluent use of those skills which can then be applied to more complex tasks.	
Specification link	http://filestore.aqa.org.uk/resources/mathematics/specifications/AQA-7356-SP-2017.PDF	
Tasks set	Diagnostic Test (5 pages) (Also some transition guidance notes and tasks) The Supporting documents for this task can be found as follows:- BGS students can find them at L:\Cotswold Edge\Maths@BGS Assessment 1 Documents. You could use HomeAccess+ if you are not at school. CSS students can access them on OSCAR YA students can find them at R:\SIXTH FORM	
How this links to the exam specification	Key words cover topics in the early weeks of the course. Confident use of algebraic techniques is essential for success throughout the entire mathematics course.	
How to complete the task:	Work through the test and look up anything when necessary. For example, MyMaths or BBC Bitesize. It might be useful to do further practice on some topics, in addition to answering the question. To cope with study at this level, you should be able to answer the questions with confidence. Please give detailed answers with full working out.
